Great I will advise you as to when it is repaired. Thank you for your explanation - I was just worried that LADOT thought it was fixed.

Have a nice evening.

Hi Lisa,

The Traffic Signal Repair Field Crew has been notified through the telephone I provided. It should be fixed today. If not, tomorrow, but definitely this week. This office is not notified when the work is completed. Please let know if it hasn't been fixed by the end of the week.

Dear Jeannie:

I'm a bit confused that the request is closed - since the pedestrian signal button is still dangling from a wire on the pole. You state that the request is closed but the repair still needs to be done. Is the button scheduled to be repaired in the near future (like this week?) - Let me know the status.

Thank you

Dear Jeannie:

Just wanted to let you know that the pedestrian light button at the north east corner of Highland and Willoughby is dangling down. It appears that it is hanging by wires. I have attached a photo for your information. I have taken the liberty to report this issue to the LADOT service on line form - request #57972.

Can you please make sure it gets taken care of in a timely fashion.

Thank you
